XMedius is a global leader in the field of secure file exchange for businesses. With XMediusFAX®'s suite of on-premise and cloud fax solutions, all your document processing needs are covered.

Now our enterprise level solutions are available through an easy to deploy app that leverages Xerox® ConnectKey® Technology platform. The XMediusFAX® app for devices built on ConnectKey® Technology is your answer to easy, hassle-free faxing!

Quickly enable a reliable, secure, simple and scalable Fax Solution.

*Ideal for faxing: Patient Records, Prescriptions, Contracts, Legal Documents, Reports, Transcripts, Financial Records, Invoices, Insurance Forms etc.*

### When it comes to business faxing we have you covered!

XMedius as a global fax industry leader with XMediusFAX®, is now offering a turnkey fax solution as part the of Xerox® ConnectKey® Technology ecosystem. This virtual fax kit solution is compatible with and accessible from a wide spectrum of Xerox® Multifunction Printers (MFPs) and does not require any fax board, parts and service labor.

### XMediusFAX® App for Xerox® ConnectKey® Technology

The XMediusFAX® app enables end users to send or receive faxes directly from a Xerox® ConnectKey®-enabled MFP or as an option through an email application (Microsoft Outlook, etc.) or a Web page from basically anywhere in the world!

### Secure Document Sharing on-the-go

XMediusFAX® app users can now send a mobile fax directly from their iPhone, iPad, or Android device. The fax app is perfect for sending pictures of sensitive documents immediately upon signature from anywhere, at any time. The app is available for free on the App Store and Google Play.

### No more IT headaches

XMediusFAX® app simplifies and eliminates the burden associated with installation, configuration and maintenance of fax kits by providing access to a redundant, high-availability faxing solution.

## XMediusFAX® Simplified Workflow
