SENDSECURE

XMedius is a global leader in the field of secure file exchange for businesses. With XMedius' suite of on-premise and cloud solutions, all your document processing needs are covered.

Our enterprise level solutions are now available through an easy to deploy app that leverages Xerox® ConnectKey® Technology platform. The XMediusSENDSECURE app for devices built for ConnectKey® Technology is your answer to hassle-free transfers!

Quickly enable a reliable, secure, simple and scalable secure file exchange solution with a built-in audit trail function that helps you keep in compliance with today's strictest regulations.

When it comes to business file exchanges, we have you covered!

XMediusSENDSECURE is a collaborative secure file exchange software that's easy-to-use, allowing you to send and receive files up to 5TB. With robust security features such as double encryption and two-factor authentication (2FA), you're guaranteed that your files will get to the right recipient every time.

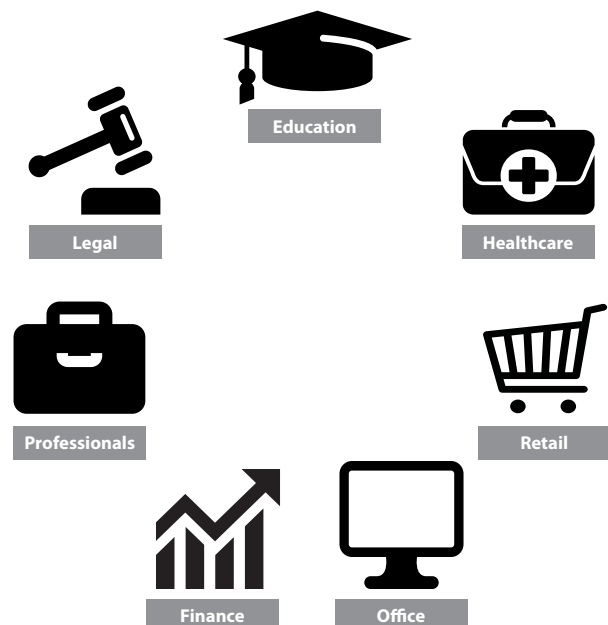

XMedius as a global secure file exchange industry leader with XMediusSENDSECURE, is now offering a best-in-class solution as part of the Xerox® ConnectKey® Technology ecosystem. By being compatible with and accessible from a wide spectrum of Xerox® Multifunction Printers (MFPs), XMediusSENDSECURE provides a secure file exchange platform that truly boosts workflow processes.

XMediusSENDSECURE App for Xerox® ConnectKey® Technology

The XMediusSENDSECURE app enables end users to securely send documents directly from a Xerox® ConnectKey®-enabled MFP or as an option through an email application (Microsoft Outlook, etc.) or a web browser from basically anywhere in the world!

No more IT headaches

The XMediusSENDSECURE app simplifies your IT infrastructure by eliminating the burden associated with complicated hardware and software installation and maintenance. SendSecure is an integrated, highly secure, and easy-to-use file exchange platform with unmatched auditing capabilities to enable compliance with strict industry regulations surrounding privacy when exchanging data.

Ideal for sending and receiving: Patient Records, Prescriptions, Contracts, Legal Documents, Reports, Transcripts, Financial Records, Invoices, Insurance Forms etc.

XMediusSENDSECURE Simplified Workflow

1

Download the XMediusSENDSECURE App for Xerox® ConnectKey® technology on an enabled Xerox® MFP from the Xerox® App Gallery.

* Please note that an account with the XMedius Cloud service is required to use this app. Contact your Xerox® channel partner to set up an account.

2

Follow the simple set-up wizard for one-time configuration

3

Enter your recipient's information, scan the document and press send!

Simple is Always Better!

Recognizing that simple is always better, the full capacity of XMediusSENDSECURE is now available through a lightweight app that operates within the Xerox® ConnectKey®-enabled environment. This app helps streamline secure file exchange by offering:

Easy Setup

- Quick and easy app deployment. Contact your Xerox® Channel Partner for all the details
- Remote or onsite app installation
- Smart on-screen set-up
- Easy on-boarding directly through the set up wizard
- Minimal IT intervention
- Multilingual interface (EN, FR, DE)

Reliable & Secure

- Every exchange is encrypted and secure from end to end.
- Built-in audit trail offers tracking to ensure that every exchange is delivered reliably to its intended recipient.
- Robust security features help meet regulatory compliance (HIPAA, GDPR, etc)

Easy-to-Use

- Simple, easy-to-use interface
- Easy two-factor (2FA) process to guarantee files get to the right recipient.
- Send files directly from existing MFPs, Outlook, web browser, or mobile devices

Cost-Savings Benefit

- Reduce operational expenses
- Leverage existing internet connection
