Green Office PARTNER

How We Support Multi-Location Businesses with Smarter Print Solutions

Services Provided Across the US & Canada

Streamlined Workflow

- **Standardize** your workflow across all locations through onsite assessments and walkthroughs.
- **Identify** optimal strategies and equipment and implement them across your organization with ease.
- **Deploy** solutions across all locations effortlessly with a single request.
- **Simplify** service coordination and increase operational efficiency to reduce downtime.

Achieve Budgetary Control

- **Save** on equipment and click costs with bulk orders and enterprise packages for your entire organization.
- **Reduce** office management costs with one focused team to support all locations.

Visibility Across Every Site

- **Gain** full visibility to all expenses related to printing across all locations.
- **Track** print usage across entire organization, identifying devices that cost more than expected.
- **Review** all locations under one quarterly business review (QBR).

Enhanced Scalability

- **Create** processes that can be easily replicated should your organization open additional branches.
- **Adapt** to changing business climates with flexible, scalable document solutions.
- **Grow** your organization across the United States and Canada with one unified team, including your account manager, CSM, solutions, billing, and support staff.
- **Transfer** your staff or equipment between locations without the need for additional training.
